Background and goals

About COST Action TD1105 *EuNetAir*

COST Action TD 1105 *EuNetAir*, a Concerted Action on New Sensing Technologies for Air-Pollution Control and Environmental Sustainability, is a running Networking funded in the framework *European Cooperation in the field of Scientific and Technical Research (COST)* during 2012-2016.

The main objective of the Concerted Action is to develop new sensing technologies for Air Quality Control at integrated and multidisciplinary scale by coordinated research on nanomaterials, sensor-systems, air-quality modelling and standardised methods for supporting environmental sustainability with a special focus on Small and Medium Enterprises.

This international Networking, coordinated by ENEA (Italy), includes over 75 big institutions from 28 COST Countries (EU-zone: *Austria, Belgium, Bulgaria, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Israel, Italy, Latvia, The Former Yugoslav Republic of Macedonia, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovenia, Spain, Sweden, Switzerland, Turkey, United Kingdom*) and 7 International Partners Countries (extra-Europe: *Australia, Canada, China, Morocco, Russia, Ukraine, USA*) to create a S&T critical mass in the environmental issues.

About the **Second Scientific Meeting at Queens' College, Cambridge, 18-20 December 2013**

The 4th MC Meeting jointly with WG1-4 Meeting will be held at Queens' College, University of Cambridge (Action partner), tentatively organized with a Plenary Session, four Parallel Sessions (one per WG) including a Common Session of the WG1-4 and the four Special Interest Groups (SIGs), and finally, a MC Meeting. At the Plenary Session and/or WGs and SIGs Meetings and/or MC Meeting, Invited Speakers will be involved as external experts: at least 1 Keynote Speaker from Non-COST partnership and at least 2 Invited Speakers from COST Area to give Talks on current state-of-the-art of the Action core-issues.

Participation from research, academy, university, industry, environmental agencies, international stakeholders, policy-makers and institutional managers is widely planned with large outreach and dissemination activities, at high expected impact (28 Parties involved in the Action on November 2013).

A Poster Session will be managed to offer young researchers and experienced scientists to discuss on real and specific environmental topics in open and face-to-face dialogue. Fruitful discussions between Action TD1105 participants, international experts, speakers and international institutional organizations delegates (e.g., WHO Europe, JRC, DG ENV, DG RTD, European Environment Agency, US EPA) are strongly expected. At the open **Second Scientific Meeting** of the COST Action TD1105 *EuNetAir*, a strong impact on focusing of the critical environmental issues would be mutual benefit.

ACCOMMODATION

A certain number of bedrooms have been booked at a **special rate** (in line with the COST rules) in the **Queens' College** for COST Action TD1105 *EuNetAir* participants.

These bedrooms are very close to the Action meeting venue.

We strongly suggested the use and booking of these very comfortable bedrooms during *EuNetAir* meeting (18-20 December 2013).

The room must be booked by each participant and paid individually according to the Queens' College and COST rules for accommodation.

Please, use the **Accommodation Booking Form** to book at Queens' College and send directly to Queens' College.

Action is not responsible for the participant bedroom booking.
